

Camping Options –

You don't have to own a fancy living quarter's trailer to go camping with your horse. Here are some different options to consider:

- Tent Camping

- Tents designed for your truck bed

- Sleeping in your dressing room area (add cots, sleeping bags, move tack to rear tack area or put inside horse area.)

- Clean out the back of your horse trailer and set up your own living quarters

Sweep out, add tarps and carpet, bring a cot, camp table, lantern, flashlight, coolers, plug in or propane powered heater, extension cords, store extra clothes under your bed.

- Truck Camper
